Dear Internship Coordinator,

I am a First Year B.Tech student at **VIT Bhopal University** specializing in **AI & ML**. I am writing to express my strong interest in a summer internship opportunity with your team.

I have been following your company's work in developing AI, and I am eager to apply my skills in Python and Machine learning logic to a professional environment. I have attached my resume and a link to my GitHub portfolio, where I have documented my recent projects, including a Python-based Tic-Tac-Toe game.

I would welcome the chance to discuss how I could contribute to your projects this summer. Thank you for considering my application.
